science day 28 February- 2019

Our college celebrated science day on 28 February 2019, all teaching, on-teaching and students were present. the national science day is celebrated on 28th February every year. the day is to commemorate the famous Indian physicist sir c.v. Raman's discovery of the 'Raman effect'. Moreover, science day is a day where people can learn about science and its impact on our lives. it can also be a way to get children excited about science and what they might want to do in the future. on science day, different events are conducted worldwide to promote science and give people the opportunity to participate in hands-on experiments. By essay on science day helps us know some notable achievements and the objectives of celebrating science day.

Annual cultural programme -2018-19

Late. K.G Kataria college Daund arranged cultural programmed . Annual cultural program is an event that is celebrated every year to showcase the rich cultural heritage of a community. This event is an opportunity for people to come together and celebrate their traditions and customs. In this essay, we will take a closer look at the various aspects of an annual cultural program.

The venue of the annual cultural program is usually decorated with colorful and vibrant decorations that reflect the culture of the community. The decorations may include traditional motifs, symbols, and artifacts. The venue is usually large enough to accommodate a large number of people and may be decorated with banners, flags, and streamers. The decorations create a festive atmosphere that sets the tone for the rest of the event.

One of the highlights of the annual cultural program is the showcase of traditional dances and music performances. These performances are usually performed by local artists who have mastered the art of traditional dance and music. The performances may include folk dances, classical dances, and music performances. The dancers and musicians are dressed in traditional attire that reflects the culture of the community. The performances are a treat for the eyes and ears and leave the audience spellbound.
